# HIGH-PERFORMANCE EDUCATION FOR K-12 STUDENTS

**Pursue your passion offline, and your education online.**

When it comes to enabling students to pursue passions beyond academics, **Altitude Online** provides an unsurpassed, customized curriculum to meet the individual needs of each student. We understand the challenges students face when it comes to rigorous extracurricular schedules.

Our performance education curriculum was developed at our sister school, Altitude Academies, where classes are shaped to educate student athletes that attend our academy's sports programs onsite (tennis, soccer, golf & volleyball). Our distance learning program has grown over recent years, and we understand that traveling to our headquarters in Port St. Lucie, Florida isn't practical for everyone—in fact, we have been providing online learning for students for years, accommodating those with circumstances that prevent their attendance at the academy.

Altitude Online's academic platform enables students to get a high-quality education and U.S. diploma while also enabling them to focus on their passion in their own time, such as sports, arts, cinematography *and more!*

## STUDENT ENTRY POINT

BLEND  
ED LEARNING

### EXTRACURRICULAR PASSION

SPORT / ATHLETICS  
MULTIMEDIA / WEB  
CINEMATOGRAPHY / FILM & TV  
INFLUENCER / MEDIA PERSONALITY  
SOFTWARE DEVELOPMENT / CODING  
ACTING / DIRECTING / WRITING  
ART / MUSIC  
ROBOTICS / MACHINE LEARNING / AI  
AND MORE!

REQUIRED  
PARTICIPATION  
FOR COLLEGE  
PATH

CORE  
STUDIES

### AREAS OF TRAINING / SPECIALIZATION

#### ACADEMIC DISCIPLINES

READING / COMPREHENSION  
WRITING / MEMORIZATION  
LANGUAGES / SCIENCE / MATH  
TECHNOLOGY / ENGINEERING

= HIGH PERFORMING  
INDIVIDUAL

### DELIVERABLES WITHIN THE SYSTEM ARE:

Passion / Focus / Intensity / Respect / Responsibility  
Individuality / Repetition / Work Load / Specificity / Variation  
= High Performance Learning
